### **VERIFIER CAPITAL FUNDS OWNERS' RETIREMENT AND BUSINESS TRANSFER TO THE NEXT GENERATION AT SONITROL OF HAWAII**

Honolulu, Hawaii – 26 March 2008 – Sonitrol of Hawaii, a Honolulu based security installation, monitoring, and service company, has been funded by Verifier Capital.

The funding program allows the founders, Ronald and Patricia Jones, to convert the majority of their equity into cash to fund retirement and simultaneously transfer control of the franchise to their son and daughter, David Jones and Lisa Hamada.

“We spent a significant amount of time exploring all the options. This included ESOPs, bank loans and even outright sale but only Verifier was able to provide a program customized specifically to meet our needs. We were absolutely impressed by the way Verifier delivered on everything promised.” said Ronald Jones former owner and President of Sonitrol of Hawaii. “We are looking forward to working with Verifier in the partnership we developed and to supporting the continued growth and success of our family franchise for many years to come.”

Sonitrol of Hawaii has provided a full range of integrated security solutions to the State of Hawaii for nearly 25 years, growing it into one of the premier franchises in the Sonitrol network with over 1200 customers. David Jones and Lisa Hamada have over 20 years of industry and company experience and will continue to grow and expand the franchise over the next generation. Sonitrol of Hawaii is a charter member of the Sonitrol National Dealers Association and participates in Sonitrol Corporation’s national accounts program.

Verifier Capital has provided retirement, growth and acquisition capital to the security industry since 1995. Our dealers range from large and mature operators to young and growing enterprises. Our programs are designed to provide capital for retirement, expansion, acquisitions, debt reduction, ownership transfer, or partner buyouts. Verifier

makes the extra effort to customize each financing package to suit the particular needs of the dealer, taking into account capitalization structure, family circumstances, and tax impacts.
